## Contents

<b>Austria's seasonal storage schemes (H. Lauffer)</b> . . . . .	7
1. The Importance of Water Power for the Austrian Electricity Supply Industry . . . . .	7
2. Hydro-Development in Austria in General . . . . .	9
3. Austria's Seasonal Storage Schemes of more than 80 MW Capacity . . . . .	12
4. General Survey of Design Concepts and Economic Repercussions . . . . .	33
5. Main Features and Environmental Effects . . . . .	36
6. Conclusions . . . . .	45
7. References . . . . .	47
<b>Run-of-River Plant in Austria (R. Fenz)</b> . . . . .	71
1. Danube . . . . .	72
2. Drau . . . . .	79
3. Enns . . . . .	81
4. Inn . . . . .	82
5. Mur . . . . .	83
6. Salzach . . . . .	84
7. Traun . . . . .	85
8. Other Run-of-River Plant . . . . .	87
9. Summary . . . . .	88
<b>Austria's Contribution Towards the Development of Water Power (H. Lauffer)</b> . . . . .	97
1. Introduction . . . . .	97
2. Pioneers in Relevant Sciences and Special Fields . . . . .	97
3. Innovations and Progress in the Construction of Large Dams in Austria . . . . .	97
4. New Developments in Power Conduit Construction . . . . .	100
5. New Developments in the Run-of-River Schemes on Austria's Rivers . . . . .	101
6. Environmental Requirements . . . . .	102
7. References . . . . .	103
<b>Register of Large Dams and River Barrages in Austria</b> (from: World Register of Dams, 1984 Edition) . . . . .	105
<b>Acknowledgement</b> . . . . .	111
<b>Colourphotographs</b> . . . . .	113
